

Attention CCSIC partners:
The *Central Canada SFI Implementation Committee (CCSIC)*
would like to invite you to consider application to the

Sustainable Forestry Initiative (SFI®) Conservation Grant Program

This annual grant program supports SFI®'s work to promote sustainable forest management through partnerships with conservation and community groups that are contributing to the understanding of critical links between forests and communities across the range of Canadian forests.

SFI Conservation Grants

The SFI® Conservation Grants program fosters partnerships between organizations interested in improving forest management in Canada. Projects address topics of current importance such as improving wildlife habitat management and conservation of biodiversity. Learn more at:

<https://www.sfiprogram.org/conservationgrants/>

APPLICATIONS OPEN ANNUALLY IN LATE SUMMER

All projects must include an SFI® Program Participant or an SFI® Implementation Committee (SIC) as a Project Partner, and where applicable must take place in part or in whole on lands certified to the SFI® 2015-2019 Forest Management Standard or SFI® 2015-2019 Fiber Sourcing Standard.

If you would like CCSIC to consider your proposal for endorsement, or connect with an SFI® program participant to consider endorsement, please reach

out to

proposals@sficentralcanada.org

well in advance of the pre-scribed deadlines outlined by SFI® in the above link.
